## Let us Build from the Ground Up

We had a pleasant chat with one of our wide-awake real estate men, Sid H. Perry, at his office in the Montezuma block, recently. Mr. Perry speaks very encouragingly of the prospects in and around Ocala. He has had considerable inquiry for farm and tobacco lands and sold last week 150 acres of first-class hammock land south of Ocala to Messrs. Huebner & Giles, and this week a hundred acres in the Fellowship neighborhood to a Mrs. Goss of Gainesville; all these parties contemplate improving these properties. Messrs. Huebner & Giles, who moved to Marion county from Montana and Kentucky, respectively, about a year or so ago, are more than pleased with the chances here. They have had great success in their first efforts at tobacco raising and propose next year to put in a large acreage of the weed on the tract just purchased. Mr. Perry is doing what ought to have been done long ago, selling good farming lands at prices that are within the reach of every man who wants a home and has only a few hundred dollars to start with. He truly says, "that the day for phosphate booms, town lot schemes and paper cities has passed, in Florida, as well as in Kansas; we must now build from the ground up and locate new comers on good land at low prices, upon which they can make a good living and save money, then we shall have a solid and enduring prosperity that freezes or panics cannot smash."

Let every good and live citizen work to that end and in a few years we will find that the last two years of depression and calamity will be a memory of the past.

## Mrs. Brown's Fall Opening.

Mrs. C. A. Brown will have her annual fall millinery opening on Tuesday and Wednesday of next week, when at her popular store at the corner of Magnolia street and Fort King avenue, she will display to the delighted eyes of her visitors a most handsome line of designs in the newest millinery. Her sister, Mrs. E. K. Hatze, selected the goods carefully from the largest house in Baltimore, the acknowledged headquarters for stylish millinery. There will be many beautiful productions with several pattern hats, and of ribbons and flowers, there will be an endless assortment of the most brilliant hues. In everything from a 25 cent sailor to an imported pattern, Mrs. Brown will be prepared to fill the ladies every want.

Do not fail to attend and take in this optical feast.

## Band to Give a Concert.

On Thanksgiving evening in Marion opera house the Metropolitan band, one of the most excellent musical organizations in the state, will give a grand concert, which will be one of the finest productions that was ever gotten up in the city. The program will comprise only new pieces from the finest masters, and earnest and faithful work will be done by Leader Condon and every member of the band, so that as ever before they may exceed the expectations of the public by the startling grandeur of their music.

It is needless to say that the band will meet with ample encouragement in this matter, which will be demonstrated by a liberal purchase of tickets when they are offered for sale.

—See Troxler's beautiful display of Whitmans candies.

## Are You Qualified?

EDITOR EVENING STAR: Please publish the following as information:

I will make up the poll list on Monday, of those who are entitled to vote on the purchase of an electric light plant; and as there may be some who are qualified, who do not so appear upon my books, I give them an opportunity and tell them how to qualify.

All persons who own real estate within the city, or who are assessed with not less than two hundred dollars of personal property, who have paid the taxes due on such real estate or personal property for the year 1896, and who are otherwise qualified, viz: properly registered before the last general election, and have paid their poll tax for the years 1894 and 1895, are qualified voters in their first efforts to be held Tuesday, Oct. 19th, 1897.

Any person owning real estate which is assessed as unknown, or in some other name than their own, by coming before me and satisfying me of ownership of such realty, can qualify, but this must be done before 12 o'clock of Monday the 18th.

Any other information necessary will be cheerfully given if those interested will call upon me at my office. Respectfully,

R. G. BLAKE,  
City Clerk and Registrar.

## Ayer Too Busy at Work.

Our good friend, the Jacksonville Metropolis, should bear in mind that the Hon. Alfred Ayer is too busy on his McIntosh plantation to bother with any outside matter. This sterling citizen is preparing his ground for a crop of cabbage, which pays better than wrangling over immaterial things. The Metropolis can rest assured of one thing, the people of Marion county, who elected Mr. Ayer to the legislature are satisfied with the record he made during the legislative session.

## Yellow Jack Killed.

Cascarets, Candy Cathartic, kills Yellow Jack wherever they find him. No one who takes Cascarets regularly and systematically is in danger from the dreadful disease. Cascarets kill Yellow Fever germs in the bowels and prevent new ones from breeding. 10c, 25c., 50c. All druggists.

## Valuable Books.

Mrs. W. C. Bull has taken the agency for two very valuable books which will be very suitable for holiday presents. They are "My Mother's Bible Stories," containing 200 illustrations and 480 pages of reading matter. The other work is the "Progressive Speaker," which contains 100 illustrations and 472 pages of reading matter. Every home should possess a copy of "Bible Stories," and every teacher and advanced pupil of our schools should possess a copy of the "Progressive Speaker." Both volumes should be household treasures. Be prepared to take a copy when Mrs. Bull calls on you.

—Full line of fresh meats, vegetables and fruits delivered free by Dukes & Shephard, city market.

—A genuine Cold Cream Glycerine Soap. 3 cakes for 10 cents at the Anti-Monopoly drug store.

—Black & Veatch, at the city market, are the leading oyster dealers.

—Sid Whaley always has those delicious California peaches.

## Badly Burned.

It was only a man fighting for his property with a dogged determination to conquer or die, and the man was victorious, but at the cost of terrible burns and possible disfigurement for life. On Tuesday noon, just before shutting down for dinner in Geo. Giles' big three story gin in Marti City, the lint cotton was ignited from a match that had been concealed in the cotton and was struck by the friction, as it passed through the gin. In a minute the lint cotton was all ablaze, the women and men employees scattered and ran, but not so with Giles, who staid and fought the flames like a demon to save his property and after a desperate struggle, extinguished the flames, but he was terribly burned about the face, and hands. He is now confined to his bed, where he will be for probably two or three weeks.

## Circuit Court Proceedings.

Very little business was done yesterday. In the case of the State vs. Wm. Leaver, larceny of a cow, he plead guilty and was fined \$50 or six months in the penitentiary.

State vs. Jake Middleton, assault with intent to murder. Plead guilty and the Judge sentenced him to three years at hard labor.

Case of Culverhouse vs. Carmichael consumed a lot of the court's time. The case was an action for debt. Defendant had an offset claim. Jury gave verdict for Carmichael. W. K. Zawadski represented plaintiff and H. L. Anderson the defendant.

## Mr. Benton Injured.

J. M. Benton, on the Homosassa run, one of the most popular engineers on the Plant System, while getting down from his engine in this city yesterday afternoon, slipped and fell to the ground, sustaining very painful injuries to his shoulders and back. He was taken in a carriage to his home at D. E. McIver's residence and Dr. Izlar did what he could to alleviate his sufferings. At this writing he is resting comparatively easy.

## Yellow Fever Germs.

They breed in the bowels. Kill them and you are safe from the awful disease. Cascarets destroy the germs throughout the system and make it impossible for new ones to form. Cascarets are the only reliable safe-guard for young and old against Yellow Jack. 10c., 25c., 50c. All druggists.

## Indianapolis Democratic.

The mayoralty election in Indianapolis, Ind., Tuesday resulted in a sweeping democratic victory. The gain was 11,000 votes over the election of 1896.

## Van Wyck.

The Tammany nominee for mayor of Greater New York is certain he will be elected. Betting yesterday was big in his favor. One bet was made of \$20,000 to \$10,000 he would be elected.

—Borated talcum powder at the Anti-Monopoly drug store for 10 cents a box.

Rheumatism is due to lactic acid in the blood. Hood's Sarsaparilla neutralizes the acid and completely cures the aches and pains of rheumatism. Be sure to get Hood's.

—Cedar Key oysters always to be found at Edwards Brothers.

## A Fountain of Wealth.

A Star reporter, walking around the city last night, overheard two Cuban gentlemen, who have recently arrived in Florida, discussing the tobacco situation. One of them said that Florida, and especially the section around Ocala, had in the tobacco business a "fuente de riquezas," which, being interpreted, signifies a "fountain of wealth." One of the gentlemen then told the reporter that in Cuba they cut down orange trees to plant tobacco, which in his opinion would much more than repay Florida for the loss of her orange trees.

## Truth From a Great Soldier.

Count Van Moltke, in his life, told the Germans a plain, though not very acceptable truth, when he said: "Beer is a far more dangerous enemy to Germany than all the armies of France. Were France to invade her territory thousands would rally to the defense of the fatherland, yet intemperance attacks the home and community and performs its destructive work year after, and she looks on with blinded indifference and unconcern."

## Yellow Jack Preventive.

Guard against Yellow Jack by keeping the system thoroughly clean and free from germ breeding matter. Cascarets Candy Cathartic will cleanse the system and kill all contagious disease germs.

## A Cake Walk.

The Ocala Rifles will give a grand cake walk at the armory on Thanksgiving night, which will be the biggest side splitting exhibition that has ever been seen in this city. Capt. Davidson says no man will be allowed to shirk his duty, but each and all must walk for that cake.

—We don't want to "hang you," but would like to place one of our elegant ties around your neck. Davidson & VanEchop.

Men's velvet slippers, pattern leather trimmed, 60c, carpet 45c, boys 35c, at the shoe department. The Racket.

—"Anti-skeet" instantly clears a room of mosquitoes. Sold at the Anti-Monopoly drug store.

Men's solid leather shoes from \$1 up, at the shoe department. The Racket.

—J. W. Davis' at the city market, is headquarters for fresh fish of all kinds.
